**PER Township Code Chapter 358 Article V:** The sewer drainage system is the property of the property owner from the structure to the connection, including the wye at the public sewer line. Any separation, break, root infiltration, crack, breach, break in tap, failed wye, or other such defect noted by the Township during inspection will require the replacement of the entire sewer drainage line from the structure to the connection at the public sewer line, including the wye if required. If sags or bellies in the sewer drainage line prohibit adequate inspection, the line must be flushed prior to the continuation of the inspection. The owner has up to 180 days from the date of inspection to correct any deficiencies whether or not the property has been sold or transferred.

**PLUMBER MUST CONTACT TOWNSHIP AT 412-784-1784, EXT 206 TO SCHEDULE INSPECTION**
