

Update on our Parks

We appreciate everyone's patience and understanding as we have never had to have a reopening of Township parks process before. Township Council is continuing to monitor new Center for Disease Control Guidance, Pennsylvania Recreation and Parks Society Recommended Guidance and the COVID-19 daily statistics from the Allegheny County Health Department. We are committed to opening up as much of the Township park amenities as soon as possible. Out of an abundance of caution, Council is waiting 2 weeks from the start of the Green Phase to determine the opening of additional park amenities. Council will make their decision based on the County infection rate at that time and any new guidance available. Please stay tuned to our social media for announcements of when certain high touch/high contact areas will open. We hope to be able to make some announcements by Friday June 19th if all goes well.
